Emphasis in Writing and Editing
3.5 GPA

Overview

Dedicated professional with a solid foundation in understanding tech and a recent graduate of the DU Full-Stack Coding Bootcamp. I bring a unique blend of customer-facing experience and a newfound passion for coding, specifically in JavaScript.
During the intensive Full-Stack Coding Bootcamp, I delved into the intricacies of JavaScript and honed my problem-solving skills. I find joy in the meticulous process of debugging and the satisfaction of overcoming coding challenges.
As a recent graduate, I am enthusiastic, dedicated, and always eager to absorb new information and processes. I am ready to leverage my diverse skill set to contribute to a forward-thinking company, bringing a unique perspective. I am excited to tackle new challenges and continue my journey in the dynamic and evolving field of development.
